

How to Submit Photos

- Minimum resolution: 400x300. Ideal resolution: 1200x800.
- Image must be in focus.
- Save image as a jpeg or a camera raw file.
- Rotate the image in the proper direction.
- Provide a meaningful name to the file (IMG_4402 isn't helpful).
Ex.: Amanita caesarea.
- Send one photo with description per e-mail message.
Please supply this description with your photo:

	Description of Your Photo
Genus and species	(will type in italics)
Common name	
Substrate	
Park; City, State	
Month, day, year photo was taken Ex.: June 23, 2013	
Photographer's name	By

- Send your photos to the [Website Editor](#).
In the email Subject field, type the word Photo and the name of specimen.
Ex.: Photo Amanita caesarea

Thank you!
